

Education Committee School Spotlight Series

Day 1

Makumira Secondary School is located in the Central District of the Diocese of Meru. The school serves students in Form 1 to Form 6 with an enrollment of 335 students. A total of 94 Form 6 students passed their national examinations and qualified to continue with university studies. New applications are arriving to increase the enrollment.

Day 2

Makumira Secondary School is celebrating its 50th anniversary and is in the process of renovating both the boy's and girl's dormitories using the slogan "Bibi (Grandma) Makumira is old but not tired, she just needs a new dress!" Mr. James Somi is the school headmaster.

Day 3

Makumira Secondary School in the Central District is engaged in several projects to not only enhance their educational goals, but will help them provide food for their meals, in addition to sports and games. Their fish project, garden project, bakery project, and pig projects provide them with food. Their environmental conservation project plants trees.

Day 4

Makumira Secondary School has a reasonable wish list that will allow the school to continue for many years to come. Items on the list include dormitory renovations, construction of a new fish pond, support for student meals, support for paying school debts, and support for student learning resources (computers).

Day 5

Makumira Secondary School in the Central District is providing a quality education to its students but is hampered by the lack of financial resources. If you would like to donate, please send a check made out to "Greater Milwaukee Synod" (please write Meru Education Fund on the memo line) to Greater Milwaukee Synod, PO Box 341695, Milwaukee, WI 53234 (We are working on a direct DONATE button!)
